

PE and Sport Premium Strategy 2020-2021

The PE and Sports Premium is additional funding for publicly funded schools in England to make additional and sustainable improvements to the quality of PE and sport they offer.

For the financial year 2020-2021, schools have been allocated additional funding to be used to develop or add to the PE and sport activities that our school already offers and to make improvements now that will benefit pupils joining the school in future years.
