Sports Premium Statement

Sport Premium Funding is there to help schools achieve self-sustained improvements in PE and sports.

Our school is using the money to make long-lasting changes that ensure the continued development of PE teaching, activities, and opportunities. The goal is to enhance current resources and diversify the range of sports available to pupils.

With this funding, we can ensure every child has the chance to live a fit and active life.

In this report, the school breaks down Sport Premium spending. We outline our purchases and how they relate to the 5 Key Indicators of Improvement:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.
2. The profile of PESSPA (PE, School Sport and Physical Activity) and sport being raised across the school as a tool for whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increased participation in competitive sport.

Objective: Raise awareness about the impact of PE, school sport and physical activity. Ensure pupils and parents understand the benefits of engagement.

Plans for the Future: to improve pupils and parents interaction with Amaven online portal and to improve the numbers for aGer school clubs again.

School Objective: To build confidence among teachers and ensure all staff members have a good understanding of physical literacy.

PE teachers are receiving more support resources. All subject teachers (not just PE) are being trained in movement skills, physical literacy, and the delivery of active lessons.
